**EXALT. EXPLORE. EXPERIENCE**

## ALL ARE WELCOME!

The Disciples identity reflects the belief Jesus the Christ invites all people to the Table and ministers to all those who would seek him. We understand this to be our primary example of practicing our faith in and outside of the church. All people are given the gift of God's grace—therefore, we are to practice hospitality, forgiveness, and justice in our community. Come as you are.

## "GO AND MAKE DISCIPLES"

BY: REV. BRIAN J NIERMAN

The current Gallup polls concerning the religious and spiritual lives of Christians in North America are not good news. It is even worse news for mainline denominations, such as ourselves. Our social culture and habits are moving people away from religion and out to other social activities. I believe the growing population of nonreligious people is a direct result of our inability and absence from proclaiming the Good News in North America. Debates over issues like nationalism (tribalism), abortion rights, poverty issues, LGBTQ rights, women's rights, climate change, and sexual abuse scandals have contributed to our declining numbers because we have failed to talk about these issues civilly and cooperatively. Emotions and personal politics have removed any reason and understanding from the conversation. The Church suffers because we fail to engage in meaningful conversations.

When Jesus asks the Disciples to go and make disciples, he isn't asking them to invite people to conform to a particular religious standard or set of beliefs. Jesus is asking them—us—to engage in meaningful conversation concerning the Good News, that God is with us. Jesus did not say, go defend the Scriptures (Bible), he is asking them to share what has been revealed. Jesus did not say, go and discriminate and shun the outcasts of society, the invisible and closeted, the diseased and the poor; he is asking them to share compassion and love for all people. Jesus did not say, go and make an institution for yourselves, making God into your own image; he is asking them to see God among the people who share in your journey within and outside the walls. Jesus did

### Scouting

Scouting is a positive experience for boys and girls. We have been asked by the Girl Scouts if they can use our church building to host meetings and Girl Scout events. This is one way we can give back to the community, to participate in the lives of young women, and to share our love. They will begin meeting toward the end of May. Contact us if you have questions.

## CHURCH MISSION

### Appreciation Days

We will be visiting the staff of PPGH and Palo Pinto Elementary School at the beginning of this month to show our appreciation for our community's nurses and teachers. To show our appreciation, there will be cards to sign and goody bags to distribute to each station and class. Please donate some cookies or candy for the goody bags. Thank you.

### Funeral Planning

Pastor Brian would like to invite you to help plan your funeral (hopefully in the distant future). The discussion will include the following topics: 1) funeral service, 2) inviting other pastors and non-staff (code of ethics), 3) Scriptures and Music selections, 4) information on how our Special Gifts and Memorial funds operate, and 5) obituary writing. The class will help provide information for the current or future pastor to conduct the funeral you desire and help us understand how we can help each other in times of grief and tragedy. Join us for one of the Thursdays.

### Church Cabinet

According to our current Constitution and our future Constitution, we have stood up our Church Cab-

net to provide a means to communicate among our teams (committees) and to cooperate together where ministries intersect. Some of you may be confused as to why this meeting is happening.

First, communication within the church has been problematic. The Cabinet is a good way to make sure our leadership is on the same page.

Second, some teams do more than others. Worship and Education are our primary ministries and therefore carry much of the workload. However, our other teams are designed to provide and support the primary ministries. By combining efforts, everyone feels needed and less stressed.

Third, as we await the new Constitution and By-Laws, we need to get in the habit of meeting and coordinating. It takes a long time to form new habits and figure out all the kinks. We need your prayers and patience as this process continues and hope that it improves our communications to you and our community.

Thank you for your prayers and patience!

Continued from Front Page

not say go and never bend, he asked them to go with the flow of the Holy Spirit wherever it led. Jesus wanted the world to study, to listen, to pray, and to worship God in a variety of ways, recognizing the God is bigger than any label, denomination, and political argument we may have.

We have forgotten to go. Go to people and invite them in, not to our church, but to the journey of faith. We have forgotten to tell the story. We have failed as a generation to instill and inspire faith in the next, and we are losing them to wood, stone, and plastic idols. Let us GO. Let us INVITE and SHARE!

### PRAISE AT THE BRIDGE

We are preparing for our next Praise @ the Bridge (June 27<sup>th</sup>). Stay tuned for meetings and opportunities to serve our community.
